**Baseball Lamp**

#EF5349  
 Size :30\*3.4cm  
 Material:ARS+PS  
 Weight:117g  
 Capacity:800mah

The image shows a black baseball lamp with a digital display and buttons. It is shown in a close-up, and in smaller inset images, it is being used by a person in a workshop, illuminating a workbench. A red label 'COB light' is visible in one of the inset images. Another inset shows the lamp being charged via a USB cable connected to a power source.

**Flashlight**

#EF5350  
 Size :23.7\*6.2cm  
 Material:ABS+PP  
 Weight:140g  
 Capacity: 300mah

The image features a cylindrical flashlight with a yellow lens. The main image shows it hanging from a metal ring and illuminating a pile of yellow autumn leaves. To the right, there are three smaller images: the top one shows the flashlight in its closed and open states; the middle one shows the flashlight being used to illuminate water splashes; the bottom one shows the flashlight hanging from a string.

**Flashlight**

#EF5351  
 Size :16.1\*5.2cm  
 Material: ABS  
 Weight: 90g  
 Capacity: 300mah

#EF5352  
 Size :18.6\*5.2cm  
 Material: ABS  
 Weight:95g  
 Capacity: 800mah

This block contains two flashlight models. The left model, #EF5351, is shown in a dynamic scene with debris flying around it. The right model, #EF5352, is shown in two smaller images: one showing it in its closed state and another showing it illuminated in a dark, rainy environment.

**Helmet light**

#EF5341  
 Size :26\*20\*12cm  
 Material:ABS+Oxford Fabric  
 Weight:104g

The image shows a black baseball cap with a helmet light attached to the front. The main image shows a hand holding the cap. To the right, there are three smaller images: the top one shows the helmet light being adjusted on a person's head; the middle one shows the helmet light with blue arrows indicating its flexibility; the bottom one shows a person wearing the helmet light at night, illuminating a car.
